

NEWS RELEASE

Jukova divestment completed

Oy Rettig Ab has now completed the divestment of Jukova Oy and Proscamp Oy to a MBO group comprising Kaj Johansson, Managing Director of Jukova and Proscamp, Stefan Sundblom, Sales Director of Jukova, and Tom Kavander, Vice President Risk Management of the Rettig Group. Tom Kavander will assume the responsibilities of the Chairman of the Board and work full-time for the Jukova Group. Oy Rettig Ab will remain as a minority shareholder.

Jukova Group reports yearly sales of approximately EUR 20 million and the number of employees totals 130.

The divestment of Jukova is a consequence of the Rettig Group's strategy to focus on developing the concept of indoor climate comfort in its industrial operations. Jukova's core skills lie in the die cast aluminium processing and project management covering design, manufacturing and on-site assembly.
